

San Francisco Adult Education Consortium Meeting
April 22, 2022

THEORY OF ACTION

HS student completes summer SFUSD orientation or credit recovery focused on skill-building.

EARLY COLLEGE

HS student enrolls in college course(s), starting with introductory course and eventually paired with related job or internship.

HS student/graduate is hired for an entry-level job, possibly within the field of study, while completing credit sequence for degree.

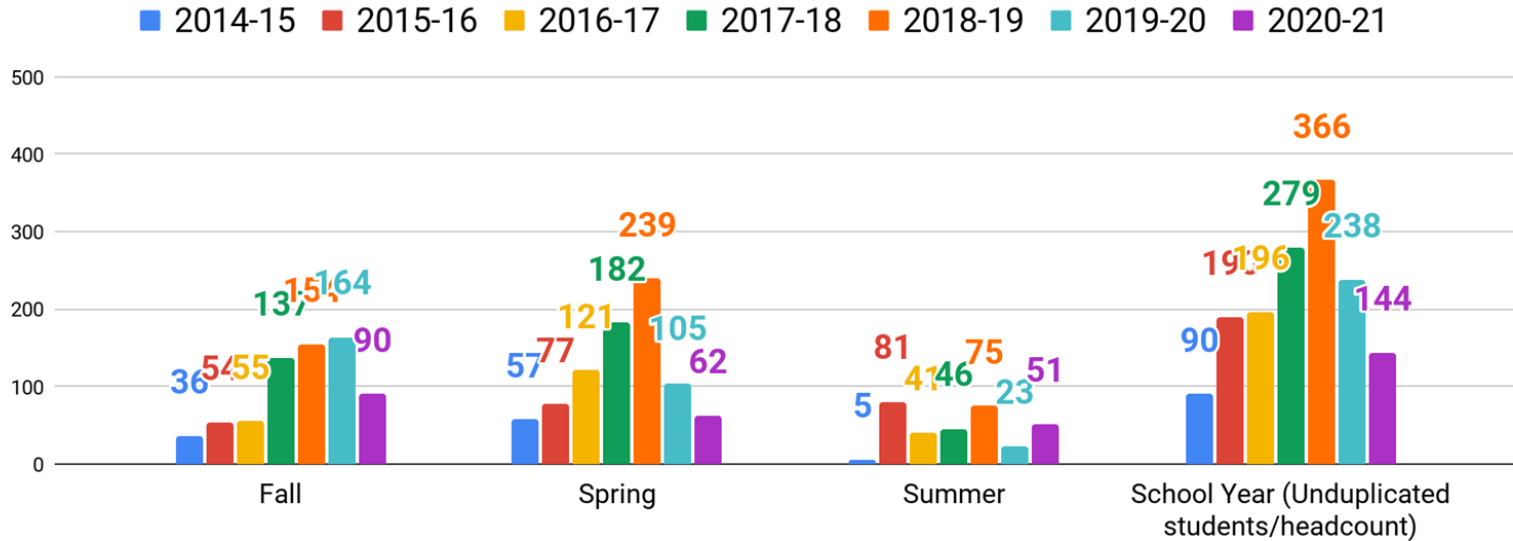

Greater work experience and responsibilities lead to a profession in the field and post-secondary degree.

Work experience and related education lead to a higher salary for the graduate.

Build an On-Ramp to Post-Secondary Success

N = 70 Students

Services Provided

2020-21 Transition Services Received (Duplicated)

Student Experience

- “I think [Early College] is very helpful because you already **have an idea of how college would look like.**”
- “It [Early College] helps you because the **teachers are more strict.**”
- “Provided me a **chance to write college level paper.**”
- “Early college was helpful for me because it helped me to understand how college look. Also I learned different things that will help me in my everyday life, but specifically in school.”
- “Something that was really challenging in college was that we had homework everyday.”
